Position: Quality Controller - UHT Milk Processing

Company: Limuru Dairy

Location: Limuru, Kenya

Type: Full-Time

Limuru Dairy, a leading dairy processing company in Kenya, is currently seeking a dedicated and detail-oriented Quality Controller to oversee our UHT (Ultra High Temperature) milk processing operations. The successful candidate will play a crucial role in ensuring that our UHT milk products meet regulatory standards, company protocols, and customer expectations for quality and safety.

Position Overview: As the Quality Controller, you will be responsible for conducting thorough inspections and quality checks throughout the UHT milk processing stages, including heating, homogenization, sterilization, and packaging. You will monitor critical control points to ensure adherence to temperature, pressure, and time parameters required for UHT milk processing. Additionally, you will collaborate with production staff to implement corrective actions, maintain accurate records of quality control data, and participate in internal audits and inspections to verify compliance with food safety regulations.

Key Responsibilities:

- Conduct thorough inspections and quality checks throughout UHT milk processing stages.
- Monitor critical control points to ensure adherence to processing parameters.
- Perform routine testing of raw milk, intermediate products, and finished UHT milk.
- Collaborate with production staff to implement corrective actions.
- Maintain accurate records of quality control data and participate in internal audits.
- Coordinate with external laboratories for additional quality tests as needed.

- Conduct training sessions for production personnel on quality control procedures.
- Investigate customer complaints related to product quality or safety issues.
- Stay updated on advancements in UHT milk processing technology and regulatory requirements.

Qualifications:

- Diploma or Bachelor's degree in Dairy Science and Technology.
- Minimum of 2 years of experience in quality control or assurance roles within the dairy industry, preferably in UHT milk processing.
- In-depth knowledge of UHT milk processing principles, equipment, and quality parameters.
- Familiarity with relevant regulations and standards governing dairy processing and food safety.
- Strong analytical and communication skills.
- Detail-oriented mindset with a commitment to upholding quality standards.
- Certification in HACCP, Food Safety, or Quality Management Systems is advantageous.

Additional Requirements:

- Prior experience working in UHT/ESL production.
- Three referees

How to Apply:

Interested candidates should submit a cover letter and resume to THE MANAGER, LIMURU DAIRY by Friday, 19th April 2024. Please indicate the position title "**Quality Controller - UHT Milk Processing**". Applications can be delivered to Limuru Dairy Farmers' Cooperative Society Limited, Maziwa House 4th floor or sent to the following email address: Infolimurud@gmail.com.

Join us at Limuru Dairy and be part of a team committed to delivering high-quality UHT milk products to our customers while upholding the highest standards of quality and safety.

Limuru Dairy is an equal opportunity employer.
